To save the North, Satu embarks on a perilous journey to reclaim her father’s magic, but she isn’t the only one searching for it. In the snow-laden mountains, she finds herself in a deadly race with the Winter Lord who wants the North Wind’s destructive powers for himself. When I started a coffee company in April of 1988, my approach to espresso was formed from these two disciplines which can be summed up in a tidy little sound bite: scientific precision guided by artistry. First and always foremost: all information is geared to making an espresso that is characterized by a heavy red-brown syrup called crema. This crema features an intense coffee flavor that is free of bitterness. Ideally, espresso should always taste like the freshly ground coffee smells. Texture is featured always, and should feel like a pair of velvet pajamas wrapped around your tongue. - Introduction. "The clamor of the cups hitting the saucers, the sounds of the coffee grinder, the machine and the steamer, the smells of coffee and fresh pastries, the counter filling with customers making a million different requests the "baristi” had no trouble remembering, the ordered chaos of people finishing their items and then moving along as the next group arrived, chatting, laughing, enjoying their short time together at the bar. When out and about with family and friends, there was never question of if we would "prendere un caffè” but there was usually some discussion about where.
