The author of American Psycho and Less Than Zero continues to shock and haunt us with his incisive and brilliant dissection of the modern world. In his most ambitious and gripping book yet, Bret Easton Ellis takes our celebrity obsessed culture and increases the volume exponentially. Set in 90s Manhattan, Victor Ward, a model with perfect abs and all the right friends, is seen and photographed everywhere, even in places he hasn't been and with people he doesn't know. He's living with one beautiful model and having an affair with another onthe eve of opening the trendiest nightclub in New York City history. And now it's time to move to the next stage. But the future he gets is not the one he had in mind. With the same deft satire and savage wit he has brought to his other fiction, Bret Ellis gets beyond the facade and introduces us, unsparring, to what we always feared was behind it. Glamorama shows us a shadowy looking-glass reality, the juncture where fame and fashion and terror and mayhem meet and then begin to resemble the familiar surface of our lives. Look for Bret Easton Ellis’s new novel, The Shards, coming in January. Ovid encounters an almost otherworldly woman on the fringes of the Black Sea, who seems to embody the fictitious creations of his latest work, and becoming obsessed and flush with inspiration, he takes her back to Rome, but the pull of ambition leads him to bargain with fate and betray his newfound muse. These two fragments of novels, Ingeborg Bachmann's only untranslated works of fiction, were intended to follow the widely acclaimed Malina in a cycle to be entitled Todesarten, or Ways of Dying. Although Bachmann died before completing them, The Book of Franza and Requiem for Fanny Goldmann stand on their own, continuing Bachmann's tradition of using language to confront the disease plaguing human relationships. Through the tales of two women in postwar Austria, Bachmann explores the ways of dying inflicted upon the living from outside and from within, through history, politics, religion, family, gender relations, and the self. Bachmann's allegiance to the twin muses of memory and history, as well as her perception of fascism as not being limited to the context of the war but also existing within the intimate relations of everyday life between husbands and wives, brothers and sisters, psychiatrists and patients' are supremely evident in The Book of Franza. Here, Bachmann follows a woman who escapes from a sanatorium and, after years of silence, sends her brother a cryptic telegram. Rightly suspecting that she has fled her sadistic husband -- a renowned Austrian psychiatrist whose intimate relations have merged with his studies of concentration camps -- her brother finds her in their childhood home. Together they travel to Egypt, where Franza slowly begins to regain her bearings. But Franza's desire to cleanse herself by journeying into the heart of the desert's void ends in tragedy, as she becomes the victim of a horrible act of violence. Unlike Franza, who attempts to flee her past but fails, the heroine of Requiem for Fanny Goldmann makes no attempt to escape her history. This novel tells of the demise of a Viennese actress who is manipulated by a younger, ambitious playwright to advance his career. Deception follows disloyalty; the final treachery comes when the playwright portrays her in a novel, which secures his fame and, in Fanny's eyes, robs her of her future. Caught in a perpetual stasis, Fanny suffers in total obscurity, as her present is stolen from her as well. Whether analyzing the place where the self begins and the power of history ends or the ways in which women are forced to be complicit in their mistreatment at the hands of men, Bachmann's critical approach to the human psyche is unparalleled.
