The Pastoral Counseling Treatment Planner May 16 2020

For pastoral counselors and clergy people seeking to...
learn about effective therapeutic techniques, The Pastoral Counseling Treatment Planner is a lifesaver. And for secular therapists integrating elements of their client's spiritual beliefs system into the treatment process, this book can guide the way. Patterned after the bestselling The Complete Psychotherapy Treatment Planner, this resource draws on a variety of Western religious belief systems, and offers step-by-step guidelines on counseling clients and parishioners through a variety of life dilemmas. This sourcebook is organized around 31 of the most common problems people seek counseling for, including life challenges, such as marital conflict, grief, and chronic illness, as well as challenges of faith. For each problem, behavioral definitions and potential counseling goals are provided, along with dozens of suggested interventions—many of which draw upon the client's faith as a source of healing. This unique counseling aid also features:

- More than 1,000 well-crafted treatment planning components for many of life's thorniest problems
- A sample counseling plan that can be emulated by both experienced counselors and novices
- Pages afford plenty of space to record customized counseling goals, objectives, and interventions

The Child and Adolescent Psychotherapy Treatment Planner

Mar 06 2022

From the authors of the bestseller The Complete Psychotherapy Treatment Planner comes this exciting new resource focusing specifically on the problems encountered in treating younger patients. The Child and Adolescent Psychotherapy Treatment Planner enables mental health professionals to write polished, effective treatment plans that satisfy the demands of HMOs, managed care companies, third-party payers, and state and federal review agencies. Specifically designed to save clinicians hours of valuable time, provide optimum latitude in developing individualized treatment plans, and increase the measurability of objectives, this unique guidebook features:

- Complete coverage of 29 DSM-IV-TR and behaviorally based child and adolescent presenting problems
- A step-by-step guide to treatment planning
- 1,000s of prewritten treatment goals and objectives
- Up to 45 specific therapeutic interventions for each disorder.
- 1,000s of well-crafted statements describing behavioral manifestations, long-term treatment goals, short-term objectives, and therapeutic interventions
- An extensive list of suggested interventions from a broad range of therapeutic approaches—including cognitive, behavioral, family-oriented, dynamic, pharmacological, educational, didactic, and bibliotherapeutic

The Addiction Treatment Planner

Feb 22 2021

This timesaving resource features:

- Treatment plan components for 44 behaviorally based presenting problems
- Over 1,000 prewritten treatment organizations.

Treatment Plans and Interventions for Depression and Anxiety Disorders, 2e

Sep 19 2020

This widely used book is packed with indispensable tools for treating the most common clinical problems encountered in outpatient mental health practice. Chapters provide basic information on depression and the six major anxiety disorders; step-by-step instructions for evidence-based assessment and intervention; illustrative case examples; and practical guidance for writing reports and dealing with third-party payers. In a convenient large-size format, the book features 74 reproducible client handouts, homework sheets, and therapist forms for assessment and record keeping. The CD-ROM enables clinicians to rapidly generate individualized treatment plans, print extra copies of the forms, and find information on frequently prescribed medications. New to This Edition:

- The latest research on each disorder and its treatment.
- Innovative techniques that draw on cognitive, behavioral, and mindfulness- and acceptance-based approaches.
- Two chapters offering expanded descriptions of basic behavioral and cognitive techniques.
- More than half of the 74 reproducibles are entirely new.
goals, objectives, and interventions—plus space to record your own treatment plan options A step-by-step guide to writing treatment plans that conform to the latest ASAM requirements and meet the requirements of most accrediting bodies, insurance companies, and third-party payors Includes new Evidence-Based Practice Interventions as required by many public funding sources and private insurers The Addiction Treatment Planner, Fourth Edition provides all the elements necessary to quickly and easily develop formal treatment plans that satisfy the demands of HMOs, managed care companies, third-party payors, and state and federal agencies. Approaching personality disorders with evidence-based treatment plans The Personality Disorders Treatment Planner, 2nd Edition is fully updated to meet the changing needs of the mental healthcare field. A time-saver for psychologists, counselors, social workers, psychiatrists, and other mental health professionals, this new edition offers the tools you need to develop formal treatment plans that meet the demands of HMOs, managed care companies, third-party payors, and state and federal agencies. Organized around twenty-six presenting problems, the easy-to-use format and over 1,000 prewritten symptom descriptions, treatment goals, objectives, and interventions makes the task of developing an evidence-based treatment plan more efficient than ever.

The treatment of mental health disorders is rapidly evolving, and new evidence-based protocols are being adopted by federal and state organizations. You are now required to closely monitor patient progress, and you may feel pressure to stick to standardized care and reporting procedures; however, you can only do so if you have access to the latest in evidence-based treatment plans. Updated with new and revised evidence-based Objectives and Interventions Integrated DSM-5 diagnostic labels and ICD-10 codes into the Diagnostic Suggestions section of each chapter Many more suggested homework assignments integrated into the Interventions An Appendix demonstrates the use of the personality disorders Proposed Dimensional System of DSM-5. Expanded and updated self-help book list in the Bibliotherapy Appendix Revised, expanded and updated Professional Reference Appendix New Recovery Model Appendix D listing Objectives and Interventions allowing the integration of a recovery model orientation into treatment plans
